Client Review

Steve has been an absolute pleasure to work with and has provided us an INVALUABLE experience in our business growth and development. Every time I get off a Coach Call with Steve I'm energized and ready to implement the boundless ideas he has for both RN Guardian and Goyette & Associates.

On our last call, about two weeks ago, we asked for advice regarding how to change up a presentation to a prospective client that had become "routine" and due to Steve's advice and suggestions, we got a call from a client worth $48,000.00 per year no less than ten minutes after concluding the pitch and walking out the door!

Needless to say, our investment in Steve has provided a windfall of benefit for our companies and I recommend Steve, One Coach and anything he touches with enthusiasm and exuberance!
